MEMORANDUM FOR THE RECORD

SUBJECT: Disposition of Non-current Documents in OCR

REFERENCE: Memo of 18 May 1961 from ACS/Intelligence ATIC,
USAF to CIA/RMO, "Identification of Non-current
Documents"

STAT 1. Phone [] OCR/RMO about OCR's capability
in disposing of non-current ATIC reports. He made the
following points:

a. Hard copy files and aperture card files will be
screened of inactive and obsolete material in accordance
with our USIB agreement.

b. Reference to obsolete material will remain in the
intellofax index cards, until a plan can be devised for
removing such cards.

STAT 2. [] states that there is no problem in
identifying and removing the non-current ATIC material in the
VM Collection.

STAT 3. [] RMO/OSI states that her office
has no problem in weeding out obsolete reports.
